

“SOCIAL SKILLS MADE (SORT OF) SIMPLE!”

PRESENTER: Lucia Smith,
Speech Pathologist.

Lucia has been a speech pathologist for over 23 years. She works in schools and preschools and is the author of SOCIAL SAM, a popular social skills program.

THE TRAINING COVERS:

- *Assessing a student’s social strengths and challenges
- *Writing a “social skills” profile for a student and planning specific ways to assist.
- *Understanding WHY social interactions can be difficult
- *Theory of Mind – what is it and why it is so important?
- *Programs and activities to promote social understanding and friendships
 - *Whole-class, small group, individualised programming
 - *Using Social Sam
 - *Using technology
- * Exploring “social language”
- *Implementing strategies across the whole school (and at home).

You receive the SOCIAL SAM program FREE! (RRP \$85).

Successful social interaction is extremely complex and many programs only skim the surface of what needs to be covered. This workshop explores a range of vital behaviours and skills that are at the root of successful social development. These include social communication, social awareness and social motivation... You’ll learn to assess an individual’s strengths and weaknesses and learn many practical strategies to use in social skills programming.

This workshop is great for those living or working with students who have autism spectrum disorder.
