

“BE A SUPER LANGUAGE SUPPORT!”

PRESENTER: Lucia Smith,
Speech Pathologist.

Lucia is a speech pathologist who works in schools and preschools. She has over 23 years’ experience and writes speech, language and literacy programs for Australian therapists and teachers.

THIS TRAINING COVERS:

- *How is language linked to the learning demands of school?
- *What types of language impairments are there? How do they feel? What impact they have on a student’s life both now and in the future?
- *How to recognise a language impairment.
- *How language affects behaviour, learning and social interaction.
- *General strategies to make language more accessible to all students.
- *Writing a language profile for a student and planning specific ways to assist.
- *Language impairments that have affect literacy. What is dyslexia?
- *Implementing strategies across the whole school (and at home).

Around one in eleven students has a language learning disability and ultimately this will impact upon their learning potential at school. Learn about the different types of language impairment and specific strategies to assist these students.

Some simple changes can make big differences.
